Life Together: Communication

February 23, 2020

Text: James 1:19-20

How did the family that you grew up in speak to one another? How did they listen?

How should communication be different in the new family of God than it was in your family of origin?

What do you do when someone in your life doesn't meet an expectation, even if it is mutually agreed upon?

Where in your life are you making assumptions that you need to clarify (work, school, family, friendships, etc.)? What is your next step in this?

How can you enter into people's world just as Jesus entered into our world in his incarnation?
